REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Board of School Directors and Citizens of the Town of Clarendon:

I herewith submit my fourth annual report as your Superintendent of Schools.

SCHOOL ENROLLMENTS IN OUR COMMUNITY

More children are enrolled in the elementary schools of the United States than ever before in history. In fact, it appears probable that enrollments in elementary and secondary schools will continue to increase annually for at least the next decade.

RESIDENT BIRTHS IN CLARENDON OVER A TEN YEAR PERIOD

Year	1941	1942	1943	1944	1945
Births	16	14	18	11	17
Year	1946	1947	1948	1949	1950
Births	26	18	18	26	23 (est)

ENROLLMENTS OVER A TEN YEAR PERIOD

Year	1941	1942	1943	1944	1945
Enrollments	128	127	119	108	148
Year	1946	1947	1948	1949	1950
Enrollments	140	149	156	183	199

The above tables show that our elementary school population has almost doubled within a ten year period. The increasing number of births within the last few years means that our enrollment peak has definitely not been reached.

Here are the enrollment and percentages of attendance figures in our schools for the fall term of the present school year:

FALL TERM

SCHOOL	GIRLS	BOYS	% OF ATTEND.
North Primary	7	13	97.3
North Grammar	12	12	99
East Primary	10	16	92.4
East Grammar	11	11	94.6
Chippenhook	12	9	95.3
Hill	7	13	91
Flats	15	12	92.2
Springs	14	25	90.8
Totals	88	111	94

As the above figures show, a serious over-crowded condition this year is in our Springs School, where we have more than 35 children in all of the eight grades. If this situation should get worse, it might necessitate our transporting some pupils to a less crowded area in town. We hope this will not be necessary.

REPAIRS IN OUR SCHOOLS IN 1950

Chippenhook School:	Painted inside and outside of building
East School:	An additional classroom added as authorized at town meeting
Flats School:	Scraped and painted all woodwork in the classroom.
Hill School:	Emergency repairs only.
North Clarendon Primary:	Classroom rented from the Grange
North Clarendon Grammar:	Emergency repairs only.
Springs School:	New roof.

REPAIRS CONTEMPLATED FOR 1951

Chippenhook School:	None
East School:	Redecorate one classroom.
Flats School:	Install new sidewalls and redecorate classroom.
Hill School:	Redecorate classroom
North Clarendon Grammar:	Redecorate classroom.
Springs School:	Redecorate classroom.

THE BUDGET

The School Directors have done much work on the development of the school budget. Our costs for the next fiscal year will be higher due to the following factors:

1. The financing of the addition to our East School as authorized at the last special town meeting. Your Directors recommend permission to finance this project over a three year period, in order not to create too great a burden upon the taxpayer this year.
2. In order to hold our personnel in a time of rising prices, it is necessary to pay salaries at least on a par with our neighboring communities. This will necessitate some salary adjustments.
3. More pupils will be attending high school which will increase our tuition costs. Tuition costs per pupil may also be higher.
4. Costs of labor, and costs of materials and supplies to carry on our schools are on the increase.
5. Increasing enrollments cause a resulting need for additional books, more supplies, etc., all resulting in a higher cost.

Here is a comparison of our current school expenses over a five year period:

SCHOOL YEAR	NUMBER OF ELEMENTARY PUPILS ENROLLED	SCHOOL COSTS
1945-46	148	12,828.90
1946-47	140	15,628.97
1947-48	149	20,767.60
1948-49	156	22,013.18
1949-50	183	27,915.37

Here is a comparison of our per pupil costs over a five year period:

1945-46	82.22
1946-47	98.87
1947-48	122.16
1948-49	126.23
1949-50	130.52

Here is a comparison of our State Aid reimbursement over a five year period:

1945-46	\$ 4,444.74
1946-47	5,208.15
1947-48	8,423.14
1948-49	8,623.15
1949-50	11,275.03

TEACHERS UNDER APPOINTMENT

TEACHER	SCHOOL	EDUCATION	BEGAN SERVICE IN CLARENDON
Ruth S. Herrick	North Primary	Castleton Teachers College	1944
Madelene H. Kelley	North Grammar	Castleton Teachers College	1945
C. Theresa Dwyer	East Primary	Castleton Teachers College, B. S.	1945
Louise M. French	East Grammar	Western Kentucky State College, A.B.	1950

Maida M. Johnston	Flats	University of Vermont	1944
Julia Higgins	Springs	Castleton Teachers College	1950

DID YOU KNOW

1. That Clarendon is operating eight schools this year?
2. That there are more than 200 children in our eight elementary schools?
3. That we have 19 eighth graders this year?

4. That of our young people attending high school
8 are at West Rutland
26 are at Rutland
4 are at Mount St. Joseph
8 are at Wallingford
5. That Clarendon will receive \$12,786.42 in state aid this school year.
6. That it is necessary to spend \$130.00 per pupil in average daily attendance in order to receive state aid?
7. That high school tuition costs are \$200.00 per pupil? The Board of School Directors, by law, can pay only \$150.00 per pupil, unless a town votes otherwise.
8. That the cost of the addition to our East School was approximately \$5,000.00?
9. That we often have students from the Castleton Teachers College do their practice teaching in some of our schools?
10. That 50% of children born in any year will "drop out" before high school graduation?
11. That more money is spent annually for liquor and tobacco in the State of Vermont than for public school education?

CONCLUSION

I believe that I speak for our school personnel when I say we are happy to be working for and with the School Directors, citizens and pupils of Clarendon. I trust we may continue to serve you well.

Respectfully submitted,

ARTHUR C. OULTON,
Superintendent of Schools.

AUDITORS' REPORT

We appreciate the cooperation of some of the officers in preparation of this report. We also suggest combining as many orders as possible.

YOUR PUBLIC HEALTH NURSE

CLARENDON is one of a number of Vermont towns provided with generalized public health nursing service by the State Department of Health during 1950. The local appropriation of \$336.00 was added to state and federal funds to cover the cost of maintaining this service. The contribution of the public health nurse is essentially educational. This may be in the form of nursing care to the sick, or health guidance and instruction to the sick and well.

In accomplishing this purpose the local Health Council and other private and public agencies have been most helpful.

The following statistical report shows the services which I gave your town as your public health nurse during the period January 1, 1950 through December 31, 1950.

TYPE OF SERVICE

To Mothers:

- 6 visits to expectant and new mothers.
- Assistance to physician at 1 home delivery.

To Ill Persons:

- 4 visits giving nursing care to sick persons at home.

To Children Under School Age:

- 25 visits to talk with parents about health needs of their small children.
- 61 children received a professional medical examination.

To School Children:

- 47 visits to schools.
- 50 children received professional examinations.
- 37 visits to homes of school children to follow up health recommendations of examining physician.

Prevention of Communicable Disease:

- 146 children of all ages were given toxiod against diphtheria and/or tetanus.
- 43 children of all ages were vaccinated against smallpox.

Corrective Work:

Follow-up of the medical recommendations and health inspections reveals 4 children had eye trouble corrected; 3 were financed by the Vermont Association for the blind.

Respectfully,

RUBY N. WEST, R. N.
Public Health Nurse.
